To inform parishioners of diocesan policies regarding child protection—The Diocese of Erie, along with all dioceses of the United States, has policies and procedures in place to address the national problem of child abuse and to aid in creating safe environments. The diocese is committed to on-going screening and training of paid or volunteer persons who have regular contact with our children and youth under the age of 18. It is committed to the yearly inservicing and training of our children, youth and parents regarding touching—safety and safe environment. To see what the Diocese of Erie is doing to help create safe environments, check out.....
