2025 Mission Co-op Appeal

Every year the US Bishops invite missionaries from other mission countries to share their experiences in ministry and ask for your support for their pastoral projects. Next weekend the Diocese of Musoma in Northern Tanzania has been invited to share their pastoral experiences with all of you. The Diocese of Musoma is running several pastoral projects but their mission request will be for the formation of Seminarians, which will be future priests for Africa and the universal Church anywhere in the world. Thank you for your generous support of the universal mission of the Church and the formation of our future priests.

Child Protection and Creating Safe Environments- Listen: This summer, when children are out of school, meeting new people and going to new places, make sure that you talk to them often about their experiences and the people they've met. Listen carefully to your children. If possible, observe and get to know the other children and adults who are part of your children's summertime fun. Above all, communicate your safety concerns to your children. Make sure your children know they can come to you with any concerns they may have about the people they interact with. And if you hear of or observe behaviors that may be inappropriate, make sure to communicate your feelings to people who are in a position to intervene. Communication is key in creating and maintaining a safe environment all year round. For additional resources visit: www.eriecd.org/childprotection/
